Profile

Dynamic and results-driven Digital Marketer with 5 years of experience in developing and executing strategic online campaigns to enhance brand awareness, drive traffic, and increase conversions. Proven expertise in SEO, SEM, social media marketing, and content creation, with a deep understanding of digital marketing tools and analytics platforms. Passionate about leveraging data-driven insights to optimize strategies and achieve measurable results. Adept at collaborating with cross-functional teams to deliver impactful marketing solutions. Looking to apply my skills and passion for digital marketing in a growth-oriented organization.

Recent Projects

Apple Podcast Promotion:

- Designed and executed a digital marketing strategy to promote a health and wellness podcast on Apple Podcasts.
- Used targeted advertising through social media platforms and podcast networks to increase listener engagement and downloads.
- Managed reviews, ratings, and audience interaction to build a loyal listener base.
- **Technologies:** Apple Podcasts, Facebook Ads, Instagram, Google Analytics

Spotify Promotion:

- Led a digital marketing campaign to promote a new album release on Spotify, utilizing Spotify Ads and playlist pitching.
- Created engaging social media content and influencer partnerships to increase streams and followers on Spotify.
- Developed strategic cross-promotion with YouTube and Instagram to drive traffic to the artist's Spotify profile.
- **Technologies:** Spotify for Artists, Instagram, YouTube, Facebook Ads

Social Media Campaign:

- Developed and executed a comprehensive social media strategy, increasing engagement by 50% across Instagram, Facebook, and Twitter.
- Managed paid social ads, targeting specific demographics to boost product awareness and drive traffic to the website.
- Optimized post frequency and content types based on A/B testing results to maximize reach.
- **Technologies:** Facebook Ads Manager, Instagram Insights, Google Analytics, Canva.

SEO & Content Marketing:

- Conducted in-depth keyword research, resulting in a 30% increase in organic search traffic within three months.
- Optimized on-page SEO for blog posts, creating targeted landing pages that improved conversion rates by 20%.
- Managed content creation and a content calendar to ensure consistent, high-quality blog posts.
- **Technologies:** SEMrush, WordPress, Yoast SEO, Google Analytics

Training

Completed a government-funded SEIP scholarship on Digital Marketing, facilitated by BASIS (April–June 2023).
